## ABOUT ME

As a versatile web developer with a strong foundation in both frontend and backend development, I bring a comprehensive set of skills to create dynamic and engaging web solutions. With expertise in HTML, CSS, and JavaScript, I am adept at crafting pixel-perfect, responsive user interfaces that ensure a seamless user experience. On the backend, I excel in server-side scripting, database management, and API integration using languages like Python, PHP, and Node.js. My goal is to build innovative, user-centric digital experiences that drive success and engagement for businesses and users alike.

## WORK EXPERIENCE

### Frontend Development Intern

MangosOrange Agritech ,India                    December 2022 - April 2023

- Collaborated with a team to design and develop responsive web interfaces using HTML, CSS, and JavaScript.
- Implemented front-end frameworks like Bootstrap , React , Tailwind to enhance user experience and site responsiveness.
- Optimized website performance, resulting in a 20% decrease in page load times.
- Conducted cross-browser compatibility testing and ensured adherence to web accessibility standards.
- Contributed to the development of a new feature, resulting in a 30% increase in user interactions.
- Utilized Git for version control and actively participated in Agile development processes.
- Completed Frontend Development Certification, enhancing proficiency in advanced CSS and JavaScript.
